
Trans-loading from Rail to truck

Our modern equipment is second to none. We take great pride in maintaining our equipment.

Let us grow with you and become your premier partner in your material supply chain.

Our Team

Forest Bulk Transport has an exceptional team of dedicated professional drivers. They are cross trained on all equipment to meet the demands of our unique customer base.

Service Area

Where can we go?

Michigan is our home state, but we don't stop there. We are a licensed Interstate Carrier to service our customers with multiple state capabilities and we carry a Canadian Authority to deliver your goods into our neighboring Canada.

Our Family

Sargent Docks and Terminal

Located just off of I-75 in Saginaw, MI. With Acres of bulk storage space, specialty domes and silos with full service rail next to the Saginaw River we receive Vessels and Unit Trains for our customers specialty bulk products.

Our Services

Whether you need cement, slag, ash or sand for your concrete manufacturing plant or clean resin delivered to your on-site silo, Forest Bulk Transport can fill the bill.

Safety is our business.

When it comes to SAFE operations, Forest Bulk Transport takes every measure to ensure that Safety is the number 1 priority in our day to day operations. Whether driving or trans-loading at the rail or customer site, our drivers are always wearing high

visibility clothing and required personal protective equipment to insure everyone goes home safe at the end of every day.

Our Equipment

Forest Bulk Transport has trailers for all your bulk material needs.

- Vacuum Pneumatic
- Pneumatic
- Michigan Trains/Super Trains

Trans-loading

At Forest Bulk Transport, all of our equipment is maintained with the highest standards and our customers confidence in mind. Trans-loading from rail car to our trailer and from our trailer to your silo, our drivers and our equipment will exceed your expectations.
